Dear Parents/caregivers of our new Kindergarten students:

This year, we would like all of our Kindergarten students to have the same supplies at the same time. Instead of giving each family a supply list, our teachers have compiled a list that will work for the classes and we will buy the supplies in bulk.

The cost per child is \$30 and cash or cheques (made payable to SD 68) can be given to the office at any time.

We hope this makes it easier on families - you don't have to do the back to school shopping yourself and it eliminates confusion at the beginning of the year.

Each student will also need a backpack, a reusable water bottle and indoor shoes - Velcro closure, please.
